

Power Kit

Our complete power kit provides a 25 ft. high visibility UL approved powercord. The assembly mounts to all discoverycartTMs.

The power strip protects your sensitive equipment from surges and spikes. The power strip has a lighted power indicator and an on/off rocker switch. There are 6 outlets. It comes with a 6ft. attached cord. The base of our discoverycartTM has mounting holes for easy wire tie hold down.

ICR-001-PK Power Kit
